

Logic Line Up Problems designed by Ari and Cici:

Can you line up the bugs using the clues?

- ① The LadyBug and Butterfly are in the middle
- ② The Bee is next to the Butterfly
- ③ The Spider is next to the Ladybug
- ④ The Spider is first

CLUES:
Moth is three spaces away from the last spot.
Wasp only touches one thing.
Spider touches moth and Beetle.
Wasp is last.

(In case it's hard to read the clues above)

Moth is three spaces away from the last spot
Wasp only touches one thing
Spider touches Moth and Beetle
Wasp is last
