Problem of the Week: Maths Team Times

Three Maths Team students practise at a different time:

10:00 a.m., noon, and 2:00 p.m.

Jean practises either at noon or at 2:00 p.m.

Krishna doesn't practise at noon and Lisa doesn't practise at 2:00 p.m.

Krishna practises 2 hours before Lisa.

At what time does each girl practise?
